HISTORY OF THE STATE ELECTION COMMISSION

The State Election Commission became a separate state agency on January 1, 1969. It had formerly functioned as a division of the office of Secretary of State. It was the feeling of the General Assembly that voter registration and the administration of elections were matters that should be removed from possible influence of partisan, elected officials and placed under the custody of a non-elected bipartisan board of commission. By the law which created the Election Commission, it was required that the Commission be composed of at least one member of the majority political party represented in the General Assembly and at least one member of the largest minority political party represented in the General Assembly.

The State Election Commission operates under authority granted by 1968 Act No. 955, which is codified as Title 7, Section 3-10 et. seq., of the 1976 South Carolina Code of Laws, as amended.

ORGANIZATION OF THE STATE ELECTION COMMISSION

I. ADMINISTRATION

The functions of the Election Commission are administered as a five-member commission, which meets monthly in Columbia, and by an executive director who is the chief administrative officer of the agency. Policy, procedures and rules governing the various functions of the Commission are set by the election commissioners and carried out by the executive director. The executive director employs and maintains a competent working staff to assist him in carrying out his duties. During statewide general election years, it is necessary to employ additional personnel in order to carry out the increased responsibilities of the Election Commission at that time.

The Election Commission also considers and recommends changes in the Registration and Election laws to the General Assembly.

II. CENTRAL VOTER REGISTRATION SYSTEM

The Election Commission is the coordinating center of South Carolina's computerized system of voter registration. All forty-six (46) counties report new registrations and registration changes to the Central Office, where a computer file is build and from which are printed new lists of registered voters for every election that is held in the State: statewide, countywide, municipal or other. This system is responsible for removing from the rolls of voters those persons who have dies, moved, been convicted of certain crimes or otherwise become ineligible as electors.

In this regard, reports must be obtained from other federal, state and local agencies and compared with the computer files. Detailed records and statistics are maintained on the number of registered voters in each county and precinct of South Carolina. Biannually, voters who have failed to vote in at least one election in a two year period are removed from the list of active voters and placed in an inactive file.

Nineteen counties have direct access to the Central Registration files to allow for input of new voters and also to allow status checks for voters who could have registered in another county. This process has performed well during the short time of use. The counties have found the direct link useful and time saving in the printing and distributing of voter registration notification material.

All forms and materials used for voter registration by the Central Office and the County Boards of Registration are printed and paid for by the Election Commission. The Central Office also provides, as a public service, the sale of precinct lists of registered voters at a reasonable cost to any registered elector.

III. AID TO COUNTIES

The Election Commission is charged by law with the responsibility of disbursing, to all counties, a state supplemental appropriation to aid in keeping the Board of Registration office open during normal courthouse hours. The amount received by the counties is based upon their respective populations.

IV. ELECTIONS

A. Office of Elections

The State Election Commission is the chief election officer for the conduct of general and special elections.

This office prints and distributes for statewide general election and countywide special elections all ballots, forms and other materials necessary to conduct such elections for Presidential Electors, State Officers, United States Senators, Members of Congress and Constitutional Amendments.

B. State Board of Canvassers

After the conclusion of state and county general elections, the five commissioners of the Election Commission act as the State Board of Canvassers. The Board certified the results of elections and hears appeals and protests arising in such elections.

C. Educational Services

The State Election Commission conducts a comprehensive training program for election workers throughout South Carolina on a continuing basis and provides needed information to members of the public concerning election procedures in their State. A variety of election statistics regarding South Carolina's elections are also compiled and available upon requests of interested individuals.

Educational Services conducted a statewide training program for poll managers working in the General Election. This program was aired to the Managers at selected sites throughout the State via the Educational Television Network's closed circuit lines. Special telephone lines and talkback facilities provided by ETV were utilized to answer any manager's questions on the air. Almost all of the managers working in the General Election took part in this training program.

Charleston, Cherokee, Horry, Richland, Spartanburg, Beaufort, Aiken, Anderson, Greenville and Sumter counties continue to implement their in-county poll manager training programs. It is hoped that other counties will begin year round training in the near future.

D. Electronic Voting System

The State Election Commission maintains the software and programs the voting machines used by twelve counties in the state to conduct elections at all levels of government. We provide proper security and protection to assure the machines used and the programs that produce the election results are free from tampering and fraud. All ballots for the machines are produced in the Commission's office and approved by the Director or Assistant Director.

January 10, 1989

The Board of State Canvassers reconvened at 2:00 p.m. in room 105, 2221 Devine Street, Columbia, S.C.

Dr. Thigpen called the meeting to order and noted that all members of the Board were present along with James B. Ellisor, Legal Counsel for the Board and Ms. Treva Ashworth, Senior Assistant Attorney General.

Dr. Thigpen recognized Mr. Ellisor for presentation of the results of the January 6, 1989 recount of votes for the Williamsburg County School Board election.

Mr. Ellisor said that, after being duly sworn, the staff had conducted the recount.

Mr. Sabb and Mr. Wallace were both present. Mr. Sabb, an attorney, represented himself in that capacity and as a candidate. Mr. Wallace was represented by Mr. Bill Able, Esquire. Both candidates had separate watchers present. The other two candidates did not participate nor were they present. Thirty-four boxes were counted.

Mr. Ellisor stated that everything went smoothly and there were no objections by either candidate. He stated that:

Ellis gained eleven votes
Fitts gained fourteen votes
Sabb gained ninety-eight votes
Wallace gained thirty-seven votes.

The overall results did not change as far as the position of the four candidates. There is now a difference between the two candidates of 189 votes.

The Commissioners then proceeded to discuss and decide the appeal.

After considerable discussion, Mr. Sexton made the motion that the Board uphold the election. Mrs. Townsend seconded the motion. Mr. DePass dissented. The vote was 4-1 to uphold the election and deny the appeal.

The order for the Williamsburg County School race was signed by all with the exception of Mr. DePass who will issue a dissenting opinion which will be sent out with the order.

Mr. Sexton said he would like to see the caliber of elections improve. He said it would require legislation which would give more responsibility and power to the Commission.

Mr. Ellisor said that, based on the cases heard this year, the Commission has a foundation of going to the General Assembly and getting legislation that states that a person who is illiterate or physically handicapped could not get assistance unless they declare their illiteracy or physical handicap by having a statement to that effect read to them and sign it. He further stated, that as part of the training of this Commission, and local training, that those managers in the future would have these regulations. The managers will sign a form stating that they have received the instructions and that they understand them.

Mr. Ellisor stated that the legislature will have to address the issue and then have the Justice Department approve them before the regulation could be imposed.

Next, Mr. Ellisor had the Commissioners sign a letter to the Secretary of State, certifying the election results of the constitutional amendments voted on in the November 8, 1988 general election.

Dr. Thigpen made the motion that the meeting today constitute the January meeting of the State Election Commission. Mrs. Townsend seconded the motion.

The motion was unanimously adopted.

The decision was made that Dr. Thigpen and Mr. Ellisor would draw up a tentative agenda of general subject matter - state run primaries, automated voting systems, press conference, etc. for review at the next Commission meeting for presentation to the legislature.

There being no further business to discuss, the meeting was adjourned.

The next meeting of the State Election Commission will be held February 21, 1989 at 12:00 noon.

ORDER

This appeal comes before the Board from the Dorchester County Election Commission which denied the protest below. The Protestant/Appellant has raised numerous grounds in his protest. Some of these grounds were not argued by the Protestant/Appellant either below or before this Board and are deemed abandoned. This Board will consider the allegations and grounds of the Protestant/Appellant as follows:

The Protestant/Appellant has alleged that the Democratic Party and Sheriff Knight were not afforded an opportunity to participate in the hearing during the canvass of votes on Thursday, November 10, 1988, when the challenged ballots were considered by the Dorchester County Election Commission, nor allowed to participate at this same hearing during the consideration of the 68 absentee ballots not counted on election night. Although this Board finds that the County Board committed an error in not allowing the parties to participate in this hearing, this Board has subsequently offered to permit the parties the opportunity to see and challenge all of the ballots considered by the County Board on November 10, 1988. Both parties have waived this opportunity. This Board has previously issued an Interim Order directing the Dorchester County Election

Commission to conduct a new hearing on these ballots with opportunity for both parties to be present and participate; however, both parties have stated they do not desire to participate in such a hearing and requested that this hearing not be held. Based upon this understanding and agreement, this Board has withdrawn its Interim Order. At the time of the hearing before this Board, counsel also declined an opportunity to examine the challenged ballot envelopes and absentee ballot envelopes in question. Counsel for the Protestant-Appellant has further advised this Board that he has already had the opportunity to examine all the challenged ballot envelopes and absentee ballot envelopes in question.

Although the County deviated from the normal procedure of continuing to count the absentee ballots on election night, the Board finds as a fact that these ballots were not "lost" as alleged by the Protestant-Appellant. The record shows that 23 of the ballots were set aside unopened as the absentee ballots were being opened because the Board of Registration indicated that there were technical problems on the face of the envelopes. This Board has examined these 23 unopened absentee envelopes and finds that either the voter's oath printed on the envelope was not signed or the voter's signature was not witnessed as required by Sections 7-15-210; 220; 230; 375; 380; and 385, of the South Carolina Code of Laws. By law, these 23 ballots cannot be counted. Another 45 ballots were set aside because, upon opening the outside envelope, the absentee ballots were found not to be in the interior envelope.

The inside envelope is provided by statute to ensure the secrecy of the voter's ballot. The fact that the voter chose to return the ballots in the outside envelope rather than seal them in the inside envelope for secrecy does not render such ballots found in the outside envelope alone invalid. The statutory provision for this inside envelope does not require that the ballots be returned in this inside envelope in order to be considered valid and counted. South Carolina Code of Laws, Sections 7-15-370 (3); 7-15-385.

Rather than counting the 68 ballots, they were set aside. Later that night, when they were finished counting all the other absentee ballots, the poll managers realized they had forgotten to count the 68 ballots that had been set aside. The poll managers made their decision not to count these ballots on election night but to turn them over to the Election Commission to consider the following Thursday, which they did. This Board finds that, at no time were the ballots actually "lost", they were simply set aside in a ballot box at the end of the table.

The 23 ballots that were in sealed envelopes which the Board of Registration indicated had technical irregularities have not, to this day, been opened and counted and are not included in the results of the election. Nor should they be. The remaining 45 absentee ballots were opened and subsequently counted on Thursday following the election at the hearing and canvass of ballots.

They were counted in the presence of representatives of both candidates and the results of the 45 ballots are known and are already reflected in the record. Sheriff Knight received 17 of these ballot votes, Mr. Woodberry received 19 of these ballot votes and 9 of the 45 were not cast at all in the Sheriff's race. This Board finds absolutely no evidence in the record indicating in any way that the 23 absentee ballots not counted or the 45 ballots subsequently counted have ever been tampered with nor has any such allegation ever been made. Although it is a technical irregularity of Section 7-13-1110 of the South Carolina Code to not have counted all of the absentee ballots on election night it could have been far graver if the managers, when discovering the set aside absentee ballots, had proceeded to count them without representatives of Sheriff Knight and the Democratic Party being present. The Board, therefore, finds as a fact that, although the technical language of the statute, Section 7-13-110, which requires ballots to be counted continuously without adjournment or interruption, was deviated from, we do not find it to be fatal to the election. In Berry v. Spigner, 226 S.C. 183, 84 S.E.2d 381, the Court stated that

> Errors which do not appear to have affected the result will not be allowed to overturn an election, and every reasonable presumption will be indulged to sustain it. [Cites omitted]
>
> 'The misconduct of election officers or irregularities on their part will not justify rejecting the whole vote of a precinct where it does not appear that the result was affected thereby, even though the

> circumstances may be such as to subject the officers to punishment * * *. Voters who have done all in their power to cast their ballots honestly and intelligently are not to be disfranchised because of an irregularity, mistake, error, or even wrongful act, of the officers charged with the duty of conducting the election, which does not prevent a fair election and in some way affect the result.' [Cites omitted] Berry, Supra, pp. 189-190.

Even if this Board were to agree with the Petitioner/Appellant and find, which it does not, that the 68 absentee ballots not counted on election night are invalid because the count was uninterrupted and not completed on election night, this would not have any effect on the total outcome of the election because 23 of the ballots were never opened and have not been counted in the election and this Board knows how the other 45 votes were cast. If all 68 votes were thrown out as being invalid, Sheriff Knight would lose 17 votes and Mr. Woodberry would lose 19 votes. The 2 votes that Mr. Woodberry would lose over those lost by Sheriff Knight combined with the remaining number of votes this Board finds to have been invalid would still not have affected the total outcome of this election.

The Protestant/Appellant alleged that certain absentee ballots were illegally counted from persons who were ineligible to vote. The County Board found that there were perhaps 7 absentee ballots, in addition to the 23 found by the Board of Registration, where the voter had either not signed the oath or his signature was not witnessed. This Board finds as a fact that it also found these 7 envelopes and these 7 votes must be subtracted from the margin of votes between the 2 contestants. A thorough and exhaustive examination by this Board of all the absentee ballot envelopes revealed that these were the only absentee ballots counted that were irregular.

This Board found there were absentee ballot applications of 7 voters who had failed to check any category on the application which would reflect why they were qualified to vote by absentee ballot. Although this technically does not comply with the statutory law of Section 7-15-340, this Board does not feel that this is fatal to those 7 absentee ballots. The reason being, there is no question that these 7 applicants were registered voters in Dorchester County and entitled to vote in this election. Additionally, there was no evidence presented or allegation made that these voters voted absentee and then voted in person. The important issue is that the voters were qualified to vote and only voted one time by the absentee method of voting. Neither party could be prejudiced by this fact. Irregularities that do not affect the outcome of the election, cannot overturn the results of that election, Berry, supra; Bolt v. Cobb, 255 S.C. 408, 825 S.E.2d 789 (1954).

The Petitioner/Appellant has alleged that 16 persons who had been initially selected by the County Election Commission to serve as poll managers voted by absentee ballot but subsequently did not actually serve as poll managers on election day. Here again, this Board finds there is at best only a technical violation of the statute that provides who may vote by absentee ballot. At the time these voters applied, they had been selected to serve as poll managers and in good faith applied for an absentee ballot, which they were entitled to do at that time. The fact that they thereafter were not actually used as poll managers should not negate the absentee ballot they cast if they did not also vote a second time in person. The Board finds as a fact that the record in this election does not reflect that any of these 16 poll managers voted by absentee ballot and then voted a second time in person. This situation is no different from a person who is lawfully qualified to vote by absentee ballot because they will be away from their county on election day, and then becoming ill and unable to go out of town on election day. Nor is it any different than a business person, who is qualified to vote by absentee ballot due to absence from the county on election day and subsequently, due to unforeseen circumstances, not actually going out of town on business on election day. Certainly, these types of absentee ballots should not be thrown out if the voter does not also vote a second time in person.

There was a further allegation by the Petitioner/Appellant that 15 people who voted by absentee ballot in this election were not bona fide residents of Dorchester County. Almost all of these alleged non-resident voters, this Board finds from the absentee records, were persons serving in military service of their country. It is a well - settled principle and rule of law in the United States and this State that persons serving in the military do not lose residency by temporary absence during their service in the military.

A person in the military

> . . . does not thereby lose or abandon the domicile he had when he entered the service; nor does he acquire one at the place where he serves, irrespective of the duration of his actual residence at such place. His residence or domicile is a question of intent. 25 Am.Jur. 2d Elections, Section 75.

"Residence" for suffrage purposes means "domicile" in South Carolina. Phillips v. S.C. Tax Commission, 195 S.C. 472, 12 S.E. (2d) 13; Clarke v. McCown, 107 S.C. 209; 92 S.E. 479. One's domicile is "the place where a person has his true fixed and permanent home and principal establishment, to which he has, whenever he is absent, an intention of returning." O'Neills Estate v. Toumey Hospital, 254 S.C. 578, 176 S.E. (2d) 527 (1970). An intention to remain permanently, or for an indefinite time, in a place is one of the essential elements of domicile. Barfield v. Coker & Co., 73 S.C. 181, 53 S.E. 170. Every person must have a domicile somewhere; and a domicile once established becomes lost or changed only when one removes to a new locality with : (1) the intention of abandoning his old domicile, and (2) the concurrent intention of living permanently or indefinitely in that new locale. 25 Am.Jur. 2d, Domicile, Sections 24 and 25; 98 A.L.R. (2d) 488, 489; Barfield v. Coker & Co., supra; O'Neill's Estate v. Toumey, supra. Intent "is a most important element in determining the domicile of any individual." Ravenel v. Dekle, 265 S.C. 364, 218, S.E. (2d) 521 (1974). And, intent is primarily an issue of fact, determined on a case by case basis. Ferguson v. Employers Mut. Cas. Co., 254 S.C. 235, 174 S.E. (2d) 768 (1970).

The 1917 decision of the South Carolina Supreme Court in the case of Clarke v. McCown, supra, still appears to be the controlling law on the question of residency. The Court considered the issue of residency in these terms:

> The residence of a person is a mixed question of law and fact; and the intention of that person with regard to the matter is deemed the controlling element of decision. His intention may be proved by his acts and declarations, and perhaps other circumstances; but when these, taken all together, are not inconsistent with the intentions to retain an established residence, they are not sufficient in law to deprive him of his rights thereunder, for it will be presumed that he intends to continue a residence gained until the contrary is made to appear, because inestimable political and valuable personal rights depend upon it.***
>
> That a man does not live or sleep or have his washing done at the place where he has gained a residence, or that his family lives elsewhere, or that he engaged in employment elsewhere are facts not necessarily inconsistent with his intention to continue his residence at that place(.)

It is clear to this Board from the fact these absentee voters stated under oath on their application for an absentee ballot, that their home of residence is Dorchester County, that they intend Dorchester County to be their place of residence.

The Protestant/Appellant has introduced evidence through the testimony of witnesses that these absentee voters no longer own property or physically live at the address listed in their application form for an absentee ballot. It is not required by law that they actually own or live at these addresses. In most instances, most of these persons are required by their service in the military to actually live somewhere else. However, the fact that they do live somewhere else is only a temporary absence which does not, by law, cause them to lose their residence in their original home county of Dorchester County.

Many people serve for a long period of years in military service and continue to consider their residence to be their original home state from where they vote by absentee ballot. To now deny these citizens the right to vote in their intended State of residence by absentee ballot simply because they no longer own property or physically live at an address in their home county, would be a denial of their constitutional right to vote. This Board refuses, and has no legal justification, to deny these service personnel the right to vote in their home county of Dorchester in the State of South Carolina.

Two of the fifteen alleged non-resident absentee voters, Richard and Kathleen Grant, this Board finds to be overseas citizens now residing in Germany; however, these two persons were last residents of Dorchester, South Carolina. This Board finds, pursuant to the Federal Overseas Citizens Voting Rights Act, which has been adopted by the State of South Carolina, they have a right to vote by absentee ballot in their last place of residence in this State. See, South Carolina Code of Laws, Section 7-15-110 (9) (b).

Of the 15 alleged non-resident absentee voters, this Board does find that Lancaster Blake Brown was not a resident of Dorchester County but a resident of Charleston County. The greater weight of the evidence in this hearing, which was offered by the Auditor of Dorchester County, who is familiar with the location of addresses in the county, convinces this Board that the voter was not a resident of Dorchester County and his absentee vote should not have been counted. In addition, of the 15 alleged non-resident absentee voters, this Board is convinced by the greater weight of the evidence that Robert Clark Lewis was a resident of Charleston County and not Dorchester County and his vote also should not have been counted in the election.

There is one final vote in question in this election and that is Susan Cooley's, a registered voter in the Coastal precinct. This voter was challenged when appearing to vote in her resident precinct because the registration board had marked the registration book indicating she had already voted by absentee ballot. This voter was permitted to vote but her vote was challenged. This Board finds as fact, after checking all of the records in the absentee precinct, this voter did not vote by absentee ballot and should have been permitted to vote in her resident precinct. Her challenged ballot is still sealed in the challenged ballot envelope and has never been counted. This Board finds it is unnecessary to count this ballot because, even if added to the votes found to be invalid by this Board, it would not affect the outcome of this election.

The Appellant/Protestant has alleged that a group of absentee ballots were delivered by the Board of Registration to the polling precinct and were therefore tainted and must be deducted from the apparent winners total. This Board made a thorough examination of all of the absentee ballot envelopes and did, in fact, find two such absentee ballots still sealed in the absentee ballot envelopes. These ballots have never been counted in this election and this Board finds, therefore, that they should not be deducted from the winner's total.

The Appellant/Protestant alleged that the refusal of the Chairman of the Council Election Commission to recuse himself from the County protest hearing was error. This Board finds that this does not affect the outcome of this election because the decision of the County Election Commission on the protest was decided by unanimous vote of 5 to 0 to deny the protest. If the vote of the Chairman was disregarded, the decision would still stand by a vote of 4 to 0.

The Petitioner/Appellant has alleged that numerous absentee ballots were not counted properly. The Petitioner/Appellant does not have a clear understanding of how such ballots are counted by law in the State of South Carolina. The State Election Commission and all County Election Commissions in the State follow the ruling established by Judge Timmerman in the 1976 decision of Smith vs. Hendricks and opinions of the Attorney General of South Carolina regarding the counting of ballots marked in the manner questioned by the Protestant/Appellant.

The Petitioner-Appellant requested Dorchester County to recount the machine cartridges in the election. This request was originally denied by the Dorchester County Election Commission because it mistakenly thought that the cartridges could not be re-read by the computer scanner. This Board has offered to re-read these cartridges; however, the Protestant-Appellant appears to have now waived this opportunity. In any event this Board takes notice of the fact that there is no technical way that the electronic vote totals can change and a recount of the machine cartridges would not serve any useful purpose.

In conclusion, this Board has found that a total of only 9 votes that were counted are invalid and 1 vote of Mrs. Cooley should have been counted. These 10 votes taken together, if subtracted from the vote of Mr. Woodberry, which is required by law in South Carolina, would not affect the outcome of this election. The law in South Carolina on this issue is well settled. Illegal votes in elections must be subtracted from the winning side. Hyde v. Logan, 113 S.C. 64, 101 S.E. 41 (1919); Creamer v. The City of Anderson, 240 S.C. 118, 124 S.E.2d 788 (1962).

Therefore the appeal of the Petitioner/Appellant is hereby denied.

This appeal has come before the Board from the Anderson County Election Commission who unanimously denied the protest below.

At issue is whether or not voters at one precinct received incorrect ballot instructions. The protestant alleges that until perhaps ten o'clock on the morning of the election persons were incorrectly informed that they could not vote in one of the school board district races. The protestant presented testimony from a person who voted at eight o'clock and who testified that she was erroneously told by a poll manager that she could only vote in one trustee race; and from a witness who testified that in a telephone conversation the same poll manager admitted giving these erroneous instructions to from two to four persons.

The Respondent presented testimony from all of the poll managers, including the poll manager who allegedly informed the voters to only vote in one school trustee race. All denied they had given any voter these instructions.

It is uncontested by either party that the ballot clearly set out the correct instructions and stated that the voter should vote in both races.

The burden of proof in these appeals is on the protestant. At most the voter has directly proven only one vote that was affected and by inference no more than three to five votes that could have been affected. And, the Board so finds this as a fact. The ballots instructions clearly provided that the voters were to vote in both races. All the poll managers testified that they did not instruct anyone to vote in only one race. Giving the protestant every benefit of the doubt, he has not proven that the alleged incorrect instructions would have affected the outcome of this election. All reasonable inferences must be drawn in favor of a contested election. Trapp v. S.C. Bd of Canvassers, 273 S.C. 163, 169; 255 S.E. 2d 670 (1979).

Therefore, the Board denies the appeal.

STATE OF SOUTH CAROLINA) BEFORE THE BOARD OF

COUNTY OF UNION   )

IN RE: HAROLD THOMPSON)
1988 GENERAL ELECTION)
APPEAL FROM UNION COUNTY) ORDER
SCHOOL BOARD ELECTION)
)

This case is before the Board by way of an appeal from the Union County Board of Canvassers. The lower Board upheld the election.

The appeal was heard based upon the record below and testimony at the State Board's hearing from an additional six witnesses who presented additional evidence. The Appellant contends that there was confusion on the day of the election and at the polls as to school district lines. This alleged confusion arises from the school board referring to the districts by one number and the State allegedly by another. In the testimony taken before the county board below, the witnesses generally testified that there was no confusion on the day of the election. Some testimony received before this Board reflected some possible confusion by individuals.

However, Mr. B. E. Kirby, Secretary to the Union County Election Commission, presented a sample of the ballots from each precinct to this Board. The ballots and his testimony clearly show that the precincts did not vote split ballots on the school trustee race. Every voter in the entire precinct was able to vote for not more than two candidates of all the candidates listed for school trustee. There was no need for a voter to know the number of the school district in which he resided. Every voter coming into the polls received a ballot that conformed to the entire precinct. Therefore, assuming that there was confusion, and such confusion has not been proven by a greater weight of the evidence, this Board finds that every voter in the same precinct would have received the same ballot. It would, therefore, have been unnecessary for the voter to have known which school district he lived in for purposes of ensuring he received the correct ballot as everyone in the same precinct received the same ballot.

All reasonable inferences must be drawn in favor of a contested election. Trapp v. S.C. Board of Canvassers, 273 SC 163, 169; 255 S.E.2d 670 (1979). The Board finds that the Appellant has not proven that the allegations he has raised would have affected the outcome of the election. Therefore, the Board denies the appeal.

The Appellant raised at the time of the hearing a question of whether or not the changes in the school district lines in 1985 had received Justice Department preclearance under the provisions of the Voting Rights Act. The Appellant presented no testimony or proof regarding this allegation. The Board independently checked the files regarding voting rights submissions kept at the Attorney General's Office. These files indicate the last change in district lines was made in 1980 and was precleared. The unsubstantiated allegations regarding voting rights submissions is beyond the power of this Board to inquire into any further and beyond the scope of its inquiry. If certain lines that affected voting were not precleared, a separate action in the appropriate forum can be brought.

Therefore, the Board denies the appeal.

STATE OF SOUTH CAROLINA COUNTY OF AIKEN IN RE: ELECTION FOR SOUTH CAROLINA HOUSE OF REPRESENTATIVES, DISTRICT 84, NOVEMBER 8, 1988.	)	BEFORE THE BOARD OF STATE CANVASSERS ORDER

Mr. James Roland Smith was certified by the Aiken County Board of Canvassers on November 17, 1988, as the winner in the race for Aiken County House of Representatives District No. 84 in the November 8, 1988 General Election by a margin of 53 votes over Mr. Ralph Gunter. The certified results reflect that Mr. Smith received 4,081 votes and that Mr. Gunter received 4,028 votes. Within the time required by law, Mr. Gunter filed a protest of the election with the Board of State Canvassers. This Board convened the hearing on the protest on December 5, 1988, which was within 10 days after the protest was filed.

The protest alleged that various precincts in Aiken County were split between House District 84 and House Districts 81, 82, 83 and 86. It further alleged that voters who resided in these split precincts in House Districts 81, 82, 83 and 86 voted improperly in the House District 84 race, and that voters who resided in these split precincts in House District 84 were not allowed to vote in the House District 84 race. The protest further alleged that these improper votes were sufficient in number to affect the outcome of the election. We agree and this Board so finds as a fact.

The protestant, Mr. Ralph Gunter, testified that, following the election, he spent 3 weeks conducting an investigation by comparing the addresses printed on the official lists of registered voters in the split precincts in question with the actual location of the voters' homes in the county. He made a list of 159 names of voters, which was introduced into evidence at the hearing, that resulted from his investigation. Of this number he testified that approximately 20 names appeared to be couples or persons at the same address registered in different house districts. He testified that his investigation shows that approximately 150 of these voters were registered and voted in the wrong house district.

The only evidence that questioned in anyway the results of Mr. Gunter's investigation was testimony by the respondent, Mr. James Roland Smith, and by Mrs. Frances Pennington and Mrs. Shirley Hardin, members of the Aiken County Board of Voter Registration. Mr. Smith testified that he has lived in the House District 84 area since 1954 and was a rural mail carrier for 24 years in the area. He said that sometimes, especially with mobile home parks, mailboxes for persons living in the park are clustered together on one side of the main traveled mail route road which might divide two house districts, but the homes of such persons could actually be located on the other side of the road in another house district. He testified that as many as 5 different persons can receive mail out of the same box with no name printed on the box. However, on cross examination, after looking at the list of names prepared by Mr. Gunter, he picked out the names of only 4 voters who he stated had the same address who might live in different homes in the mobile home park. On recall, Mr. Gunter testified that he had ridden to the mobile home park in question where these voters lived and every home in the park was located within House District 81. He testified that, of the 4 persons named by Mr. Smith, 3 were registered and voted improperly in House District 84.

Mrs. Pennington testified that she could only find two names on Mr. Gunter's list that she was certain were registered in the correct house district. They were Doris and Carl Hayes in the Six Points # 46 Precinct.

Mrs. Shirley Hardin said it was difficult to tell from Mr. Gunter's list where voters actually reside who give a rural route for an address.

At the hearing, this Board had absolutely no reason to question the credibility of Mr. Gunter or the results of his investigation. However, this Board was concerned, as it has been in the past in election protest hearings, to base its decision solely on the testimony of one of the candidates in the election. To do so, this Board feels, would be a dangerous precedent. Because of this fact, this Board directed Mrs. Pennington and Mrs. Hardin to conduct an independent investigation of just the 159 names of voters on Mr. Gunter's list to determine exactly where they resided and in what house district they should be registered and vote. They were directed to report back to this Board on December 13, 1988, with the results of their investigation.

The hearing resumed on December 13, 1988, at which time Mrs. Pennington testified concerning her findings. She was examined by this Board and by counsel for both candidates. Of the 159 names, she testified that her investigation found that 122 of these voters were, in fact, registered improperly in the wrong house districts; 34 were registered correctly, and 3 had moved and should not have voted at all.

This Board is satisfied that the independent, unbiased investigation by members of the Aiken County Board of Voter Registration corroborates the testimony and investigation of Mr. Gunter. This Board has precedent for ordering this independent investigation. The fact situation of this matter is almost identical with that before this Board in an election appeal from Sumter County following the 1986 General Election. See In Re: Appeal to State Board of Canvassers From Decision of Sumter County Election Commission, December 1, 1986.

The respondent moved for a directed verdict at the conclusion of the protestant's case. This motion is denied.

The protestant has the burden of proof by a preponderance or greater weight of the evidence in an election protest. We find that the protestant has carried this burden. Counsel for the respondent, in questioning the various witnesses, asked them if they knew what house district each of the 159 voters in question had actually voted in. Of course, they testified that they did not. Counsel for the protestant stated that the official precinct list of voters, that reflects beside each voter's name what house district the voters are registered in, is conclusive evidence that they voted in the house district listed by their respective names. This Board disagrees that the list of voters is conclusive evidence of this fact; however, this Board does find that it creates a presumption of this fact which must be overcome by the respondent. Brisbane v. Thornton, 258 S.C. 524, 189 S.E. 2d. 827 (1972). This Board finds as a fact that the respondent has failed to overcome this presumption. There was also testimony by Mr. Eugene England, Chairman of the Aiken County Election Commission, that poll managers were instructed to permit voters in split precincts to vote in the house district race printed by their names on the official precinct list of voters. Therefore, this Board finds as a fact and concludes that a total of 125 voters either illegally voted in House District 84 who were not entitled to do so, or did not get to vote in House District 84 who were entitled to.

The protestant has the burden of proof by a preponderance or greater weight of the evidence in an election protest. We find that the protestant has carried this burden. Counsel for the respondent, in questioning the various witnesses, asked them if they knew what house district each of the 159 voters in question had actually voted in. Of course, they testified that they did not. Counsel for the protestant stated that the official precinct list of voters, that reflects beside each voter's name what house district the voters are registered in, is conclusive evidence that they voted in the house district listed by their respective names. This Board disagrees that the list of voters is conclusive evidence of this fact; however, this Board does find that it creates a presumption of this fact which must be overcome by the protestant. Brisbane v. Thornton, 258 S.C. 524, 189 S.E. 2d. 827 (1972). This Board finds as a fact that the protestant has failed to overcome this presumption. There was also testimony by Mr. Eugene England, Chairman of the Aiken County Election Commission, that poll managers were instructed to permit voters in split precincts to vote in the house district race printed by their names on the official precinct list of voters. Therefore, this Board finds as a fact and concludes that a total of 125 voters either illegally voted in House District 84 who were not entitled to do so, or did not get to vote in House District 84 who were entitled to.

Respondent also argued that, because these 125 voters were not challenged on election day, the protestant has waived his right to do so now. This Board disagrees and finds that the protestant did not learn that these voters were improperly registered until after the election. This fact was clearly stated by Mr. Gunter, the protestant, in his testimony. Section 7-13-810 of the South Carolina Code of Laws specifically provides, in part:

> "***Nothing contained herein shall affect the right of any elector or qualified watcher to challenge the vote of any person which is fraudulent or when the challenge is based on evidence discovered after the vote is cast." (Emphasis added).

The respondent argued that Section 7-17-270 of the South Carolina Code of Laws, which requires this Board to hear the protest not earlier than the fifth day nor later than the tenth day following receipt of the protest, also requires the protestant to present his entire case within this time. Respondent contends that this was not done because this Board directed the Aiken County Board of Voter Registration to conduct an independent investigation which was not testified to until December 13, 1988, beyond the 10 day limit. The protestant did present his entire case on the first day of the hearing within the 10 day limit. This Board, in order to either verify or refute the only real evidence in the hearing on the critical issue in the protest, and, also following earlier precedent of this Board, 1986 Sumter County Appeal, supra, temporarily recessed the hearing to have the investigation conducted and the results reported to the Board. Further, after the first day of the hearing on December 5, 1988, when this Board called counsel together to advise them of its decision to order the independent investigation by the registration board, counsel for respondent entered no objection to this decision by the Board. This Board does not find it proper for the respondent to wait until the investigation has been conducted and then to complain for the first time when the results go against his position. This Board finds that his right to raise this question now has been waived.

Finally, the respondent states that Section 7-17-270 of the Code further requires that this Board certify either Mr. Smith elected or Mr. Gunter elected and this Board has no authority to order a new election as requested by Mr. Gunter. Section 7-17-270 states that this Board shall "forthwith certify the results of the election." This Board hereby certifies the results of this election to be in doubt. The reason being, this Board finds that 125 persons voted improperly in this election and this could have affected the outcome of the election because only 53 votes separate the two candidates. Respondent contends that, since we do not know how these 125 persons voted, we do not know from which candidates the votes should be subtracted. This question has been before this Board on numerous occasions in the past 20 years. This Board has consistently held that the law in South Carolina is clear on this point. Such votes must be deducted from the winning candidate. This Board most recently held this in deciding a protest in the 1988 election for Sheriff of Dorchester County. The Supreme Court of South Carolina upheld this Board in that protest by its decision filed on December 14, 1988. The rule of law on this question is well-settled in South Carolina. Hyde v. Logan, 113 S.C. 64, 101 S.E. 41 (1919); Creamer v. City of Anderson, 240 S.C. 118, 124 S.E. 2d. 788 (1962).

Based upon the foregoing findings, this Board certifies the results of this election to be in doubt and orders a new election to be held.

STATE OF SOUTH CAROLINA)
COUNTY OF WILLIAMSBURG)

BEFORE THE BOARD OF
STATE CANVASSERS

Jerry Bingham,

Protestant,

vs.

Theodore McFarlin,

Respondent

In Re: Appeal of November 8,
1988 General Election For
Williamsburg County Sheriff.

ORDER

Following the November 8, 1988 election for sheriff, the Williamsburg County Election Commission (CEC) certified the respondent as the winner. Respondent received 6886 votes and the protestant received 6573. Protestant filed a timely protest with the Williamsburg County Board of Canvassers (County Board) and the protest was heard on December 1, 1988 and denied by the County Board. Because of allegations made by the protestant that managers did not know how to count ballots properly, especially "crossover votes" where a voter marks a straight party ticket and then votes for individual candidates of another party, the County Board ordered a recount of the ballots. The certified results of the recount reflect that the respondent received 6956 votes and the protestant received 6558 votes, a winning margin of 398 votes.

Protestant filed an appeal with this Board within the time provided by law. This Board unanimously decided to hear the appeal upon the Transcript of Record of the hearing before the county board. By majority decision, this Board affirms the decision of the county board denying the protest.

Protestant's appeal contains some 61 grounds alleging numerous irregularities and fraud in this election. Many of the alleged irregularities involved: failure of the commissioners and poll mangagers to properly take their oath of office, failure to provide guardrails in the voting places, failure to provide adequate voting booths with curtains, failure by poll managers to fill out the manager's return of ballots and properly account for the ballots furnished and used, voting places without proper lighting, placing a democratic party primary sign outside a voting place, using a primary poll list in one precinct rather than a general election poll list, failure to get a written signed oath from the printer of the ballots, and failure to properly initial and reflect the poll list page and line number on the registration list, erasing, scratching out and leaving blanks on the poll lists. Protestant offered testimony and introduced documents used in the election into evidence which prove all of these allegations; however, this Board finds that the protestant has failed to show how these irregularites actually affected any of the votes cast in this election.

It is abundantly clear to this Board that officials in Williamsburg County are not impressed with the importance of following election procedures required by the laws of this state. This is not the first time that election protests have been heard by this Board from Williamsburg County which involved some of these same irregularites. This Board, however, should not punish the voters of Williamsburg County, who have gone to the polls to cast their ballots, by overturning the election when the county officials disregard the law, if the irregularites do not affect their votes in some way. There is no excuse why Williamsburg County does not provide adequate voting booths with curtains for the voting places in the county. The poll managers should be taught how to fill out the manager's return of votes properly, and, if they cannot do it, they should not be appointed as managers in the future. Voting places with electricity and proper lighting must be provided for the voters. Democratic voting place signs have no purpose in a general election, and managers who place them at voting places in the general election should not be allowed to serve in the future. This Board cannot understand why primary poll lists were used in the general election when the state election commission provides more than enough proper poll lists for every precinct in the county. Poll managers must be trained to properly mark the voter registration lists. The county needs to address these weaknesses before the next election in Williamsburg County. It should initiate a comprehensive poll manager training program which will guarantee that managers can perform their jobs correctly. If the county needs help and guidance in this effort, it can call upon the state election commission for assistance. It must be done to insure the integrity of elections in Williamsburg County and to avoid the time and expense to the citizens of Williamsburg County and of the state in hearing election protests and appeals based upon these same failures and irregularities.

Although the irregularities addressed so far in this order are serious and cannot be condoned, the protestant has not shown how they affected the outcome of the election. There is no direct testimony or evidence that reflects that the ballots of any voters were actually seen because there were not adequate voting booths with curtains. It appears from the record below that voters voluntarily chose to vote in open rooms at tables and could have waited in line longer to vote in booths if they had preferred to do so. Although there is evidence that others were permitted in the voting area, this Board does not find that the secrecy of any voters' ballots was actually violated. This situation is very different from that in the case of Corn v. Blackwell, 191 S.C. 183; 4 S.E. 2d 254, cited by the protestant, where the numbered ballot stub was not perforated and could not be detached from the ballot itself. There the

Supreme Court held that the secrecy of every voter's ballot was violated because they had signed the poll list on the same line as the number ballot they were given and it could actually be determined how every voter had voted. That is not the situation here and this Board so finds. The case of State ex rel Edwards v. Abrams, 270 S.C. 87, 240 S.E. 2d 643, cited by the Protestant, held that a state statute that permitted a husband and wife, not handicapped or illiterate, to vote together violated the State Constitution providing for secrecy of the ballot. There is no showing that this occurred in this election.

Failure to take the oath of office by the commissioners and managers, although an irregularity, this Board does not find to affect the outcome of the election. The commissioners and poll managers were actually appointed to serve, and, if not officers de jure, they are certainly officers de facto and their actions, as such, would be legal. See McQuillin, Vol. 3, Sec. 12.102 (3rd Ed.); Heyward v. Long, 178 S.C.351, 183 S.E. 145.

There is no showing that any voters left and did not vote because of the democratic primary sign at one of the voting places and this Board so finds. Also, there is no showing that anyone could not vote because of the lack of electricity or lighting at one of the precincts and this Board so finds.

There has been a showing that poll managers failed to properly fill out the managers return of ballots and failed to keep the poll list and registration list properly in several places; however, this Board does not find that this affected the election in any way. The general rule is that record keeping matters are directory rather than mandatory, and failure by the managers to keep them properly is not fatal to the election. In McQuillen, Vol. 3, Sec. 12.10 (3rd Ed), the general rule is stated as follows:

> "With some exceptions, laws relating to the manner of procedure, the keeping of the record, returns of results, and the like are ordinarily viewed as directory. That is, laws merely regulating the manner of conducting an election are usually regarded as directory, and hence a departure from the mode prescribed will not ordinarily vitiate the election. But whether or not the provisions are mandatory or directory, the rule usually applied is that where informalities or irregularities in an election which do not affect the result will not invalidate it, for the courts prefer to give effect to the popular will whenever possible."

This is the rule followed by this Board and by the Supreme Court of South Carolina, Ex Parte: Reba Blackman, In re: State House of Representatives, District 95, 1984 General Election, 1984-85 Annual Report, South Carolina Election Commission, p. 36; Brockman v. Barry, 195 S.C. 199, 11 S.E. 2d 137; Killingsworth v. State Executive Committee, 125 S.C. 487, 118 S.E. 822.

Now this Board turns to what it considers to be most serious allegations by the protestant, i. e., improper or illegal assistance to voters and the allegation of fraud by officials in this election. The protestant alleges that the poll managers provided illegal assistance to voters in a number of precincts in violation of the Federal Voting Rights Act. The protestant has filed a memorandum of authorities with this Board and attached a letter from the U.S. Department of Justice addressed to the office of the South Carolina Attorney General, dated September 11, 1984, which advised that 1984 Act of the S.C. General Assembly R522, Section 7-13-770 of the S.C. Code of Laws, would not be precleared by the Justice Department for use in South Carolina. Protestant alleges that procedures were used in this election in assisting voters that were not precleared. This is not true and this Board so finds.

The evidence in this election is that the poll managers did, in fact, follow to the letter the advice of the Justice Department and the provisions of Section 208, a 1982 amendment to the Voting Rights Act. Section 208 reads as follows:

> "Any voter who requires assistance to vote by reason of blindness, disability, or inability to read or write may be given assistance by a person of the voter's choice, other than the voter's employer or agent of that employer or officer or agent of the voter's union."

1984 Act R522 allowed one of the poll managers to go into the voting booth with the voter and the person chosen by the voter to assist him. This is what the Justice Department advised violated Section 208 of the Voting Rights Act. Under Section 208, the voter is entitled to have anyone of his choice assist him and a third person (a manager) is not permitted in the booth. Under the previous law in South Carolina and 1984 Act R522, there was always the protection of having a third person in the voting booth to make certain the person assisting the voter marked the ballot in accordance with the voter's wishes and instructions. Section 208 of the Voting Rights Act removed this protection. It is interesting to note, however, that Congress realized that a person's vote could be influenced if their employer, agent of that employer, or officer or agent of the voter's union was the person assisting the voter by excepting such persons from those who can assist handicapped and illiterate voters. No one else, including a magistrate or constable, is proscribed from assisting a voter if chosen by the voter.

This Board has access to another letter written to the Attorney General of South Carolina by the U.S. Department of Justice, dated October 29, 1984, which specifically provides that the person that the voter chooses to assist him can be one of the poll managers and that the manager can assist the voter alone. That is exactly what happened in this election. The manager was the person who was chosen by the voters and assisted the voters with no one else present in the voting booth and this Board so finds.

The protestant has alleged that voters were assisted without asking for assistance and that voters were assisted who were not entitled to assistance because they were able to sign the poll list. The protestant had witnesses who served as his poll watchers testify that they saw poll managers assist voters who had not asked for assistance. However, most of these witnesses testified that the managers were bringing the voters into the voting place and taking them into the booth or into the back room where some voters were marking their ballots at tables. Although the poll watcher witnesses might not have heard the voters ask the manager for assistance within their hearing inside the voting place, it is not unreasonable to assume that the voters had already asked the manager for assistance before the manager came into the voting place with the voters. In fact, in the Salters precinct, where the greatest number of voters are alleged to have been assisted without the witness hearing the voters ask for assistance, the witness testifed that poll manager Lawrence "stayed outside most of the day handing out copies of the amendments and greeting voters." This witness also stated that another poll manager, Mr. Council, "stayed outside most of the day talking to the voters as they would come in to vote." This witness testified that

Mr. Lawrence assisted 110 voters and Mr. Council assisted 75 voters (Tr. P. 99, lines 18-25). This Board finds it reasonable to believe that many of these voters, if not all of them, could have asked for assistance from these 2 managers before they ever got inside the voting place without the watcher hearing them request assistance and this Board so finds.

That portion of Section 7-13-770 that was not changed by 1984 Act R522 and is still effective law in the state provides in part that a person who is entitled to assistance "...shall make the fact known to the managers." This code section does not state exactly where or when the voter shall make the fact known. This Board is not unmindful of the fact that it is very embarrassing for many persons who are illiterate to admit that fact in the presence of others. It is most plausible to this Board that many of these illiterate voters would acknowlege this to one of the managers outside of the presence and hearing of others. If the General Assembly wishes to require such voters to openly declare in front of all persons present, including watchers, that they are illiterate, it should so state this in the law. To date, it has not done so, and this Board so finds.

Protestant alleges that many of the voters who received assistance signed the poll lists and this fact makes them not entitled to assistance. Protestant introduced evidence through the testimony of several witnesses to prove that a number of these persons did sign the poll list. This Board takes note of the fact that many persons have learned to draw or sign their signature, but they cannot read and write in the generally accepted sense and are illiterate. Such persons would be entitled to assistance under the law notwithstanding the fact they can sign their name. The record does not reflect that any challenges were made to the managers concerning such persons receiving assistance.

The Columbia Council on Illiteracy has furnished this Board with data from the U.S. Census and S.C. Employment Commission, dated July 15, 1987, which relects that the rate of adult illiteracy in Williamsburg County is 34.4%, and that Williamsburg County ranks 13th highest in the state in adult illiteracy. Although the protestant did not state that many of the voters who were assisted were black, this fact can be inferred by this Board by noting from the registration lists in evidence in this election that black registered voters outnumber white registered voters in Williamsburg County by 11,360 to 8,166. With such large numbers of illiterate minority adults, it is not surprising that so many people needed and were afforded assistance in voting.

The protestant has made the very serious allegation that there was fraudulent conduct in this election by poll managers and and possibly others, and, also, that there was tampering with the ballots in the election. Protestant would have this Board believe that because the managers did not properly fill out the managers return of ballots; because there appears on the face a differnce between the number of ballots printed for county office than for president, federal office and constitutional amendments; because a number of county ballots appear to have inconsistent markings, and because the ballot boxes were left unattended and unlocked for 1 to 2 hours early the morning following the election, all this relects some fraudulent scheme to alter the outcome of this election. This Board has concluded, after examining the record closely, including all exhibits, ballots and materials, that there is no convincing evidence at all of fraud in this election.

It is true, as the protestant has shown, that the managers did not properly complete the managers return of ballots in all precincts. However, upon examination of the printer's job printing invoice of county ballots, it becomes obvious why there is a discrepancy between the number of county ballots and the other ballots for president, federal office and constitutional amendments. The county ballot which includes the office of sheriff was printed by the Williamsburg County Election Commission; the other ballots were printed by the state election commission. The county printed ballots equal to 110% of the registered voters on October 21, 1988, before the final registration figures were known and the state printed ballots equal to 115% of the registered voters before the final registration figures were known. It is impossible to wait until the final registration figures are compliled to print the ballots. .Therefore, there were more state ballots provided than county ballots. This Board rejects the implied allegation by the protestant that there were more county ballots out somewhere that might have been marked and used to replace ballots voted in the election.

The protestant alleged that his examination of the ballots in the 4 precincts of Greeleyville, Salters, Kingstree # 2 and Kingstree # 3 reflects evidence that the ballots were tampered with because of the inconsistent way some of the ballots were marked and that there was a control of the votes in the non-partisan race on the ballot. First of all, control of the non-partisan race even if there was one, which this Board does not find nor needs to find in this appeal, would not affect the race for sheriff. Protestant asked this Board to look at the ballots in the 4 precincts. This Board has opened the ballot boxes and examined every single ballot marked in the 4 precincts. There were between 3 and 4 thousand county ballots voted in these 4 precincts. This Board separated 140 ballots out of this total number which showed even the slightest variation or inconsistency in the way the ballot was marked. On absolutely no ballot were there any markings that used different shades of pencil or different shades or colors of ink. There were no ballots marked part in pen and part in pencil. This Board is not composed of handwriting experts, but it is obvious, even to anyone who examines the ballots closely, that all the markings on each individual ballot were made by the same person. This examination reflects that there is absolutely no inconsistent marking of these ballots that would in anyway control the vote for the sheriff's race. Out of the 140 ballots that showed any different markings between check marks and cross marks, ballots for both the protestant and respondent would appear equally affected. If this examination showed anything, it showed that the voters in Williamsburg County voted their paper ballots as normally as in any paper ballot county with the regular amount of voter vicissitudes appearing in how paper ballots are marked.

Finally, concerning the allegation that the ballots were tampered with, this Board can find only one opportunity for such possibility in the record and that would be the 1 to 2 hours the ballots were left unattended and the boxes unlocked early on the morning following the election. This Board, after examining the 4 precincts requested by the protestant, finds that it would have been virtually impossible for someone to have gotten into these boxes within that time to selectively add markings to the ballots using the very same shade pencil lead or color of pen ink on each ballot. There is absolutely no evidence in the record that would indicate that anyone tampered with the ballots during this 1 to 2 hour period, or any other time, and this Board so finds.

There was an allegation that a convicted felon was appointed and worked as a poll manager in one of the precincts. There was evidence in the record that indicates that this person had served her sentence and had her voting rights restored as now provided for by state law, which would qualify her to hold public office under the Constitution of South Carolina. But even if her voting rights had not yet been restored, there is no evidence in the record that she did anything that affected any votes in the election, and this Board so finds.

There was an allegation that a magistrate and his daughter who was a constable served as poll managers and assisted voters. There is some question that a magistrate who is considered a judicial officer cannot serve as a poll manager because it is considered an office also. The magistrate, being an officer, should not have served as a manager, but the law does not prevent a voter entitled to assistance from chosing a magistrate to assist him in marking his ballot. This is permitted under Section 208 of the Voting Rights Act. Although a constable would be considered a law enforcement officer and not entitled to come to the voting place under state law except to vote or when called by the managers, Section 208 of the Voting Rights Act would again permit the voter entitled to assistance to chose a constable to assist them in voting. This Board finds that Section 208 of the Voting Rights Act permits a magistrate and a constable to assist voters entitled to assistance if they are chosen to do so by the voter.

The allegations in this appeal are strikingly similar to those in the case of Berry v. Spigner, 226 S.C. 183; 84 S.E.2d 381. There the two candidates for state senate were 14 votes apart. One received 10,367 votes and the other 10,353 votes. The same type allegations of improper assistance to voters were made there as here. In the Berry case, one witness stated that he saw at least 75 or 100 instances where the managers went into the voting machine booths with voters who had signed the poll list and did not appear to be physically disabled, and remained there while the voters voted. Another stated that a manager hand marked "4 or 5 people". Another that he saw the poll managers go into the voting machine booths with 50 or 75 people who apparently had no disability who had signed the poll list and the managers remained with the voters during the entire time that the voters cast their ballots. Another said he saw a manager go into the booth with 6 people and remain with them while they voted. Another said that he saw at least 20 to 25 instances in which the managers entered the voting booth with voters who had signed the poll list and remained with them the entire time they voted. The county and state party executive committees disallowed the protest and the State Supreme Court affirmed. The Court there noted that the allegations were "laid in most general terms, and that not one of the voters referred to is mentioned by name". That is almost identical with the testimony in this election appeal - not one voter is named who was alleged to have been given illegal assistance. It is worthy of note too in this election that the protestant did not offer one single voter out of all those he alleged did not request assistance to testify to that fact.

There were allegations and testimony by some witnesses who served as poll watchers for the protestant that they were not permitted to sit where they could see every detail of what was going on in the voting places. However, taken as a whole the testimony of these witnesses does show that they could adequately see enough to fulfill their duties as watchers. They are not poll managers and it is not necessary that they sit right next to the managers or constantly look over the shoulders of the managers. If there were any individual voters about whom they had any questions, they should have voiced those concerns. The record reflects that there were very few, if any, challenges of voters by the watchers who testified. In fact, when one of the watchers did finally complain about the magistrate poll manager assisting voters, the other managers stopped the magistrate from doing so. Although the magistrate had the right to assist under the Voting Rights Act, the record does show that, when the watcher voiced a complaint, the managers did respond. The record further reflects that several of the watchers testified that they were new as watchers and did not know exactly what they could or could not do.

As alleged and shown in the record and heretofore noted by this Board, there were numerous irregularities by the managers in some precincts and some by the commissioners of election; however, this Board does not find that these irregularites affected the overall outcome of this election for sheriff. There were several votes that were improperly marked by managers who were offering assistance by overvoting in the race for sheriff and this Board so finds. There was testimony by an elderly couple that they were voting for the first time, and, when assisted by a manager, he improperly marked their ballot for the office of sheriff when they told him they wanted to vote for Mr. Bingham. These are they only instances which this Board can find from the evidence presented by the protestant in the record that have any effect upon votes in the election and they fall far short of having any effect upon the outcome of the election. The Supreme Court has consistently held down through the years that irregularilties, Hyde v. Logan, 113 S.C.

64, 101 S.E. 41 (1919), and even misconduct by election officials, *Berry v. Spigner*, supra, that do not affect the outcome of an election are not sufficient to set aside the election. See more recent cases for this holding, *Gregory v. South Carolina Democratic Executive Committee*, 271 S.C. 364, 247 S.E. 2d 439 (1978); *Sims v. Ham*, 275 S.C. 369; 271 S.E. 2d 316 (1980); and *Carl Knight v. The State Board of Canvassers, The Dorchester Board of Canvassers, and J.C. Woodberry*, Opinion No. 22939 of the South Carolina Supreme Court filed Dec. 14, 1988.

Based upon the foregoing findings, the appeal is hereby denied.

Concurring Opinion of Commissioner William B. DePass, Jr.

While I concur in the result of the vote of the State Board in this case, I have some specific concerns. My route to that conclusion is not the same and I specifically dissent from the order in the following:

1. I believe the record shows the secrecy of several ballots was violated.
2. The procedures used to assist voters in this election could not have been pre-cleared because I believe them in some cases to be fraudulent.
3. The manager was not always the choice of the voter for assistance according to the record.
4. The record indicates not only that challenges were attempted but that at least one manager chose to ignore them.
5. I am not convinced that there was no fraud in this election.
6. There was no evidence to suggest the voting rights of a convicted felon had been restored.

The overriding principles involved in this hearing are: 1 - "The State Board shall be bound by the facts as determined by the county board," (Section 7-17-70 South Carolina Code of Laws) and 2 - "... all reasonable inferences must be drawn in favor of the validity of contested elections." Trapp v. South Carolina Board of State Canvassers, 273 SC 163,255 SE2d 670 (1979). Without the ability to assume an extension of the irregularities and illegalities at the County level, I cannot total a sufficient number of votes from the record we have for the election result we now have to be in doubt. Although I am not altogether comfortable with the "reasonableness" of inferring that there were not infractions beyond those stated in the record, I am less comfortable with the principle of overturning election results because one is persuaded that something took place which is not in the record.

The most troubling action of the Commission was the decision not to allow the Protestant to inspect the ballots and other materials from the precincts prior to the hearing. Access to the evidence is so basic to an equitable hearing that there is no possible justification for this arrogant display of intransigence. Overall, election officials conducted themselves in such a way as to justify their removal from office. While state law does not give to the State Election Commission the authority to effect that type measure, it should. Elections cannot be conducted properly without some new authority of that type.
The hearing of the Commission was conducted in such a way as to favor the Respondent. So extreme

was this prejudice in the hearing that on one occasion, if we are to believe the record, the Chairman sustained before it was ever made what presumably was what he expected to be an objection by Respondent's attorney. Moreover, a number of rulings were made without justification.

The process of appropriating through assistance or intimidation the votes of others is particularly contemptible because of the place voting occupies in our society. We put emphasis on voter participation which is undermined by activities such as those detailed in this case. A voter may choose not to vote in certain races for lack of either interest or knowledge. In those cases for a "professional bystander" to use his influence to sway a voter his way or to "pick up" the discarded vote and use it for his own is thievery.

The victims in this tragedy are society's least. They are the uneducated, the unemployed, the poor, and they are the most in need of protection. In Williamsburg County they are black. They are less inclined to speak up or speak out. Other victims are candidates whose campaigns are derailed by these prostituted votes. Eventually the victims are the public whose will is frustrated.

The total number of votes affected by these infractions by my reckoning is 311. While a case can be made to increase that number, there is no evidence to suggest it and the law requires us to make inferences in favor of upholding the election. The other infractions form a disturbing pattern, indicating a cavalier disregard for the sanctity of the election process but do not specifically affect the outcome.

Therefore, in spite of the violations more than adequately proved with regard to polling places with no lights, no guard rails, no curtains, no privacy, taking ballots out of the polling place, not signing oaths, not allowing poll watchers to observe or challenge votes, and bizarre deliveries of votes to the precincts, I do not conclude at this time that those infractions affected the outcome of the election. Reluctantly, I concur in the decision to deny the protest.

ORDER

Following the November 8, 1988 election for two at-large seats for School Board, the Williamsburg County Election Commission certified Mr. James B. Ellis, Jr. and Mr. Ronnie Oink Sabb as the winners of the two seats. Mr. Ellis received 4842 votes and Mr. Sabb, the respondent in this appeal, received 4490 votes. The protestant/appellant, Mr. Norris Wallace, Jr., received 4362 votes and Mr. James F. Fitts received 4168 votes. The protestant filed a timely protest with the Williamsburg County Board of Canvassers (County Board) and the protest was heard on December 1, 1988 and denied by the County Board.

The protestant filed an appeal with this Board within the time provided by law. This Board unanimously decided to hear the appeal upon the Transcript of Record of the hearing before the County Board. Because the protestant made a statement before the County Board that his attorney's hurried examination of the ballots in four precincts alone prior to the hearing before the County Board reflected that the protestant gained 49 votes, this Board ordered a recount to be conducted by the staff of the State Election Commission on January 6, 1989. This recount was conducted as directed with both the protestant and respondent present with representatives on their behalf also present. It should be noted that the protestant requested the County Board to recount the ballots but this request was denied by the County Board. A recount was not mandatory because the difference between the votes received by the respondent and protestant was greater than 1% of the total votes cast. The results of the recount reflect that Mr. Ellis gained 11 votes, Mr. Fitts gained 14 votes, the respondent Mr. Sabb gained 98 votes, and the protestant Mr. Wallace gained 37 votes. The respective positions of the four candidates did not change from the initial count. Mr. Ellis would be elected to one seat with a total of 4853 votes and the respondent would be elected to the other seat with a total of 4588 votes. The protestant received 4399 votes and Mr. Fitts received 4182 votes. The difference in votes received by the respondent and protestant in the initial count was 128 votes. The difference in votes received by the respondent and protestant in the recount was 189 votes.

After an exhaustive study of the rather lengthy record in this protest, including an examination of all the exhibits and the ballots voted in this election, looking at the results of the recount and hearing arguments of counsel for the appellant and respondent, this Board by a four to one decision affirms the County Board's decision to deny the protest.

Following the November 8, 1988 General Election, this Board heard another appeal from Williamsburg County for the office of Sheriff. The record in that hearing was very similar to the one in this matter with many of the same witnesses testifying and offering the same testimony. The protest and appeal by the protestant in this matter is identical in most all respects to the appeal heard by this Board in the Sheriff's race. It should be noted that the protestant in the appeal of the Williamsburg County Sheriff's election and the protestant in this matter were both represented by Mr. William F. Able, Esquire, of Columbia, SC. In an order issued by this Board in the Sheriff's appeal dated January 3, 1989, this Board found that there were numerous irregularities concerning such matters as: failure of the commissioners and poll managers to properly take their oath of office, failure to provide guardrails in the voting places, failure to provide adequate voting booths with curtains, failure by poll managers to fill out the manager's return of ballots and properly account for the ballots furnished and used, voting places without proper lighting, placing a democratic party primary sign outside a voting place, using a primary poll list in one precinct rather than a general election poll list, failure to get a written signed oath from the printer of the ballots, and failure to properly initial and reflect the poll list page and line number on the registration list, erasing, scratching out and leaving blanks on the poll lists. Protestant of the Sheriff's race offered testimony and introduced documents used in the election into evidence which proved all of these allegations; however, this Board found that the protestant had failed to show how these irregularities actually affected any of the votes cast in the election for Sheriff. This Board assumes that these same irregularities occurred in the election for School Board; however, this Board finds that these technical irregularities did not affect the outcome of this election for School Board. This Board finds that the legal authorities cited in the order dated January 3, 1989 in the Sheriff's election concerning these matters are also controlling here and are adopted herein by reference.

This Board feels that the strongest ground by this protestant involved alleged, improper or illegal assistance to voters and improper or undue influence of voters in the casting of their ballots. A careful examination by this Board of the record in this matter shows that there were far less voters improperly influenced than the 189 vote difference that separates the protestant and respondent in this matter. This Board finds that the number of improper votes did not affect the outcome of this election. There was testimony from witnesses in two precincts which clearly shows that the poll managers assisting voters did, in fact, exercise undue influence in controlling the votes of voters in those precincts. In the Hemingway precinct there was testimony from Mr. Hugo Walters that one of the managers assisting voters specifically told the voters that "[t]hese two were the democratic candidates" in the School Board race when, in fact, this was a non-partisan School Board election where candidates were not running on the ballot by any party affiliation. Clearly, this did affect the votes of those voters who wished to vote a straight party ticket on the remainder of the ballot by improperly influencing them to also vote for the two non-partisan candidates the poll manager said were the democrats. The witness said that there were 15 voters who were influenced by this manager in the Hemingway precinct. In the Kingstree II precinct one of the poll managers, Mr. Graham, was overheard by Keith Wallace, the son and watcher of the protestant in this election, to have advised several voters in the school board race that "these are the best two to vote for." This is further corroborated by the testimony of Ms. Charlese Fulton, another poll manager in the Kingstree II precinct called as a witness by the respondent. Mr. Keith Wallace testified the poll manager gave these instructions to "several" voters.

It is interesting to note that the protestant has made numerous allegations in this appeal that poll managers and others violated the election laws of this State and the Federal Voting Rights Act but apparently feels that it is perfectly alright for one of his own watchers, who also happens to be his son, to have violated both state statutory law and the Constitution of this State. Mr. Keith Wallace, who was appointed by his father as a poll watcher on his behalf in the Kingstree II precinct, violated the instructions of the managers who told him to stay in a certain location in the voting place, by leaving that location and positioning himself directly outside of the curtain of the voting booth where voters were casting their ballots and by listening to the conversation between the voters and the poll manager giving the voters assistance. This violates Section 7-13-130 of the 1976 South Carolina code of Laws which provides in part that

> "*** no one except as herein authorized shall approach nearer than five feet to the booths in which the voters are preparing their ballots. *** The right to vote of each person so entitled and the secrecy of the ballot shall be preserved at all times."

Mr. Keith Wallace was a watcher and, as such, had no authorization to be within five feet of the voting booth by standing right outside the curtain listening to voters as they discussed marking their ballots with the manager chosen by the voter to help them. His action in doing so violated this provision of law, and this Board so finds.

This board further finds that the action by Mr. Keith Wallace also violates Article 2 Section I of the South Carolina Constitution which guarantees secrecy of the ballot to all persons voting in elections in this State. This Board finds that it is incongruous for the protestant on the one hand to complain about election officials violating election laws and on the other hand says nothing about equally serious violations committed by those persons he appointed to observe on his behalf.

The protestant has alleged that voters were assisted in this election who did not request assistance and were not entitled to assistance. The protestant presented witnesses who were watchers on behalf of the Republican candidate for Sheriff who so testified. The Respondent called managers who worked in these precincts who testified that no voters were given assistance who did not ask for assistance and no assistance was given to any voters who were not entitled to assistance. This Board finds that it is reasonable that voters could have asked for assistance without the poll watcher hearing their request for assistance from the position where the watchers were located in the voting place. This Board further takes notice that many voters cannot read and write even though they can draw their signature on the poll list. This fact does not render them ineligible for assistance, and this Board so finds.

The protestant has alleged that managers gave improper assistance because they went into the voting booth alone with voters. Prior to 1982, Section 7-13-770 of the South Carolina Code of Laws provided that a voter requiring assistance due to illiteracy or physical handicap could receive assistance by the voter appointing a bystander and the chairman of the poll managers appointing one of the poll managers to also assist the voter in marking his ballot. In 1982, the U.S. Congress amended the Federal Voting Rights Act by adding Section 208 which reads as follows:

> "Any voter who requires assistance to vote by reason of blindness, disability, or inability to read or write may be given assistance by a person of the voter's choice, other than the voter's employer or agent of that employer or officer or agent of the voter's union."

Section 208 now permits a voter to have only one person of his choosing with him while he marks his ballot. There no longer exists the protection formerly provided by State law of a third person in the voting booth to make certain that the ballot is marked in strict accordance with the voter's wishes. It is interesting to note that Congress had enough common sense to realize that certain persons can unduly influence a voter's ballot, such as, his employer or agent of that employer or officer or agent of the voter's union. In South Carolina, where we have a high rate of adult illiteracy there are large numbers of voters, especially in the rural counties in this State, who must receive assistance in voting their ballot. It is common practice for one person, either a poll manager chosen by the voters, or some other individual chosen by the voters to help large numbers of voters over and over all day long. Without the protection formerly afforded by State law, there is no guarantee that the person providing assistance is carrying out the intent of the voter.

The General Assembly of South Carolina realized this danger in 1984 and enacted Act No. 445 which permitted a voter entitled to assistance to have a member of his family assist him in marking his ballot, but in all other instances, if the person chosen by the voter was not a member of his family, one of the poll managers would also accompany the voter and the person chosen by the voter in the voting booth. A Justice Department letter dated October 10, 1984, advised the Attorney General of South Carolina that the Justice Department could not preclear this amendment by the South Carolina General Assembly because it violated the intent of Section 208 of the Federal Voting Rights Act. Therefore, this Board finds that the assistance afforded those voters in Williamsburg County by only the poll manager who was chosen by the voter is in accordance with the provisions of Section 208 of the Voting Rights Act and was not improper.

This Board also finds that there was one voter in one precinct who presented absolutely no identification as required by law. This is an improper vote and this Board so finds.

This Board also finds in the record that the Republican candidate for Sheriff, Mr. Jerry Bingham, testified that when he was present in the Salters precinct that he overheard the two poll managers, Mr. Lawrence and Reverend Council, asking voters "Do you want to vote Democrat or do you want to vote Republican?". He testified that these two poll managers never called out the name of any candidate for any office and the office of School Board was never mentioned. It can be inferred from this testimony that the 37 voters Mr. Bingham said were assisted by these two poll managers were not assisted to vote in the School Board race because it is non-partisan and could not be included if the voter indicated he wanted to vote Democrat or Republican.

Even if this Board were to find that these 37 votes were improper and it were to add them with the other votes, hereinabove, found by this board to have been improper, it would fall far short of overcoming the 189 vote difference between the protestant and the respondent, and, therefore, this Board finds that it would not affect the outcome of this election.

affirmed and the appeal is denied.

Dissenting Opinion of Commissioner William B. DePass, Jr.

Reference is hereby made to my concurring opinion in the case of Jerry Bingham, Appellant, vs. Theodore McFarlin, respondent, before the State Election Commission dated January 3, 1989, wherein many of the issues are the same. Whether the issue is illegal assistance or illegal instructions, the question for this body is not whether they existed but whether they existed in sufficient numbers to void the election. I believe that they did.

I count the illegal votes as follows:

> In the Salters precinct there was testimony that a majority of 200 votes were tainted. I count 101.
>
> In Cades precinct Mae and Willie Hanna did not cast their own votes. I count two(2).
>
> In the Trio precinct the testimony was 75 votes by Mary Bradshaw. I count seventy-five(75).
>
> In the Earles precinct Magistrate Lambert voted for Dottie Nixon. I count one(1).
>
> In the Hemingway precinct there was testimony indicating 15-25 votes were "tainted". I count fifteen(15).

This totals 194, which is a bare minimum and five votes more than necessary to void the election. This ignores the 37 in the Salters precinct and the three(3) votes in the Trio precinct testified to by Mr. Bingham. This also ignores the numbers altogether where witnesses testified to "many", "a lot," "I couldn't count" or "all day long."

The problem in the Sheriff's election was that the numbers in the transcript were simply insufficient to take any action in an election which was obviously full of violations of law. Here we have a different situation in that we have the same election and the numbers are greater than the difference between the number two and three finishers.

I am unwilling to accept the theory that no laws were violated. No legislative body would have intended through legislation to approve instructions such as "he's your color," "these are the two Democrats," or "the School Board's not important." Assistance is just as important in a non-partisan election as the instruction. We have established that illegal assistance was rampant, and every such vote should be considered "tainted." I believe this election should be voided and I think the Commission passed up a golden opportunity to let a little sun shine on Williamsburg County.

STATEWIDE CONSTITUTIONAL AMENDMENTS

Amendment No. 1

A. "Shall Section 22 of Article V of the Constitution of this State, relating to grand and petit juries be amended so as to authorize the General Assembly to establish a state grand jury by general law?"

Explanation of Above

The Constitution presently authorizes only county grand juries whose powers are basically confined to one county. If approved, this amendment would permit the General Assembly to establish a state grand jury with authority statewide.

B. "Shall Section 11 of Article I of the Constitution of this State, relating to the requirement that no person may be held to answer for any crime where the punishment exceeds a fine of two hundred dollars or imprisonment for thirty days, unless on a presentment or indictment of a grand jury where the crime has been committed with certain exceptions be amended so as to provide that nothing in the Constitution is deemed to limit or prohibit the establishment by the General Assembly of a state grand jury with the authority to return indictments irrespective of the county where the crime has been committed and with that other authority, including procedure, as the General Assembly may provide?"

Explanation of Above

The Constitution presently provides that a person accused of a crime must be indicted (charged or accused) by the grand jury of the particular county where the crime was committed. If approved, this amendment would permit a state grand jury to indict (charge or accuse) a person of a crime regardless of the county where the crime was committed. The proposed amendment also permits the General Assembly to grant additional powers to a state grand jury.

Amendment No. 2

A. "Must Section 24 of Article III of the Constitution of this State be amended so as to add members of lawfully and regularly organized fire departments and constables as persons who are exempt from the prohibition against members of the General Assembly holding two offices?"

Explanation of Above

The amendments, 2A, 2B, 2C, would permit members of lawfully and regularly organized fire departments and constables to serve in the General Assembly or to hold another office of honor or profit at the same time.

B. "Must Section 3 of Article VI of the Constitution of this State be amended so as to provide that the prohibition against dual officeholding does not apply to members of lawfully and regularly organized fire departments and constables who hold another office?"

Explanation of Above

See explanation of Amendment 2A

C. "Must Section 1A of Article XVII of the Constitution of this State be amended so as to provide that the prohibition against dual officeholding does not apply to members of lawfully and regularly organized fire departments and constables who hold another office?"

Explanation of Above

See explanation of Amendment 2A

Amendment No. 3

"Must Section 24 of Article V of the Constitution of this State be amended so as to provide that the General Assembly may provide by law for the age and qualifications of sheriffs?"

Explanation of Above

The Constitution currently provides no age or other qualifications for sheriff. This amendment would allow the General Assembly to establish age and other qualifications for the office of sheriff.

Amendment No. 4

"Must Section 36 of Article III of the Constitution of this State be amended to change the name of the General Fund Reserve to the General Reserve Fund, reduce from four to three percent of the general fund revenue of the latest completed fiscal year the amount required in the fund, delete provisions requiring a special vote to adjust the percentage required in the fund, delete provisions requiring the General Assembly review the law on this subject every five years, provide a mechanism for restoring the fund should monies from the fund be expended, require a Capital Reserve Fund equal to two percent of the general fund revenue of the latest completed fiscal year, and provide that before March first the fund must be used to offset mid-year budget reductions before mandating cuts in operating appropriations and after March first monies from the fund may be appropriated by a special vote in separate legislation by the General Assembly to finance in cash previously authorized capital improvement bond projects, retire bond principal or interest on bonds previously issued, and for capital improvements or other nonrecurring purposes which must be ranked in order of priority of expenditure and not be funded until thirty days after completion of the fiscal year and provide that any appropriations of monies from the Capital Reserve Fund after March first must be reduced based on the rank of priority beginning with the lowest priority to the extent necessary and applied to the year-end deficits before withdrawing monies from the General Reserve Fund and to provide that monies in the Capital Reserve Fund not appropriated or any appropriation for a particular project or item which has been reduced due to application of the monies to year-end deficit must lapse and be credited to the General Fund?"

Explanation of Above

The present Constitution requires that the General Assembly set aside each year sufficient money to keep in reserve a fund equal to four (4) percent of the general funds received by the State in the last fiscal year, (a period of 12 months which is not necessarily January 1 - December 31). These reserve funds may be used only to pay operating debts of the State Government, which happens when the State spends more money than it takes in for operating purposes. The Constitution also requires the General Assembly to provide by law for a way to put back into the reserve fund any amounts taken out to pay operating debts.

The amendment proposes to change the name of the General Fund Reserve to General Reserve Fund. It also reduces the amount required to be kept in the Fund from four (4) percent of the general funds received by the State in the last fiscal year to three (3) percent. It removes the provisions requiring a special vote to adjust the percentage required to be kept in the Fund. It also removes provisions requiring the General Assembly to review the reserve fund law every five (5) years.

The proposed amendment also creates a capital reserve fund equal to two (2) percent of the general fund revenue of the latest completed fiscal year. Before March 1 of each year, the amount authorized for that year for the Capital Reserve Fund must be used to take the place of mid-year budget reductions before requiring cuts in the money for general operations previously authorized by the General Assembly to be spent. The proposed amendment also permits that after March 1, the Capital Reserve Fund may be authorized to be spent for specified purposes which must be ranked in priority by special vote of the General Assembly in separate legislation. The authorization for the money to be spent for these specified purposes is effective thirty (30) days after the end of the fiscal year.

The amendment also provides that where more money is spent by the end of the fiscal year than is taken in, before money can be taken from the General Reserve Fund to make up the deficit, money authorized to be spent by the General Assembly from the Capital Reserve Fund must be used first, beginning with the specified Capital Reserve Fund purpose given the lowest priority by the General Assembly.

The amendment also states that at the end of the fiscal year, any money in the Capital Reserve Fund which is not voted to be spent by the General Assembly for a specified purpose or money which was left over after the funds originally intended for the specified purpose were applied to the end of the year deficit, must go back to the general fund of the State.

Amendment No. 5

"Must Section 22 of Article V of the Constitution of this State be amended so as to delete the requirement that jurors must be qualified electors of this State and be of good moral character, and provide that jurors must be residents of this State and have such other qualifications as the General Assembly may prescribe?"

Explanation of Above

No explanation necessary.

Amendment No. 6

"Shall Section 11 of Article I of the Constitution of this State relating to presentment or indictment be amended so as to require presentment or indictment by a grand jury for any crime the jurisdiction over which is not within the magistrate's court?"

Explanation of Above

No explanation necessary.

Amendment No. 7

"Shall Section 13 of Article VIII of the Constitution of this State be amended so as to provide that counties, subject to the General Assembly first providing by law for bonded indebtedness and school fiscal ability considerations, may jointly develop an industrial or business park with other counties within the geographical boundaries of one or more of the member counties, where the area comprising the parks and all property having a situs therein is exempt from all ad valorem taxation because the owners or lessees of any property situated in the park must pay an amount equivalent to the property taxes or other in-lieu-of payments that would have been due and payable except for the above exemption?"

Explanation of Above

This amendment would allow counties to develop together an industrial or business park. The owners and lessees in the park would be exempt from all ad valorem (property) taxes. They would be required, however, to pay a charge instead of property taxes that is equal to property taxes or other payments in place of taxes. The amendment also provides the procedures for the counties involved to agree on sharing the expenses and profits of the park. Before a park can be created, the General Assembly must determine how the value of the property in the park will be set for purposes of issuing bonds and for purposes of school fiscal ability considerations.

Amendment No. 8

"Must Section 1 of Article XVI of the Constitution be amended so as to provide that proposals may be made for the general election year 1990 for the revision of an entire article or the addition of a new article in a single amendment with only one question being required to be voted on and to allow constitutional provisions from other articles to be changed if the provisions relate to the subject matter of the article being revised or proposed?"

Explanation of Above

The permanent provisions of the Constitution require that each proposed amendment be stated in a separate question on the ballot, and that the question relate only to that proposed change; however, for past general elections, there has been a temporary provision authorizing a whole article to be amended, a new article added and the changing of provisions from one article to another by asking only one question. This procedure has been followed in order to amend the Constitution article by article. The revision of some articles has not been completed. This amendment would enable the continued revision article by article using only one question.
